

Privacy Notice: PCN Data Sharing

Primary Care Networks (PCNs) are a key part of the NHS Long Term Plan, with all general practices being required to be in a network.

This practice is part of the Five Elms Primary Care Network (PCN).

Five Elms Primary Care Network is made up of a number GP Practices created to work collaboratively to ensure the health care system within our area works effectively by sharing knowledge and resources.

To enable us to work collaboratively in delivering care, we may share data about you with local partner practices who are also part of Five Elms Primary Care Network (PCN) to provide the most flexible and accessible services for patients.

This will mean that GPs from other local practices will at times have access to your full GP record but only when providing direct care to you.

People who have access to your information will only normally have access to that which they need to fulfil their roles, for instance admin staff will normally only see your name, address, contact details, appointment history and registration details in order to book appointments, the practice nurses will normally have access to your immunisation, treatment, significant active and important past histories, your allergies and relevant recent contacts whilst the GP you see or speak to will normally have access to everything in your record.

Your data may also be shared with Five Elms Primary Care Network for the following purposes:
